

# Dialogues About Race and Ethnicity (DARE)

## SUSTAIN RELATIONSHIPS

**We aim to build, improve and sustain positive relationships through training and dialogue with local people and their neighbours from different cultures and countries.**

The DARE to Lead Change Project (DARE) is led by Bryson Intercultural, in partnership with TIDES Training and Consultancy (TIDES), funded by the European Union's PEACE IV Programme and managed by the Special EU Programmes Body (SEUPB). The project is available in Northern Ireland and the Border Counties.

### Sustain Relationships

This element seeks to engage people from local and Cross-Border communities, schools, statutory and private organisations to understand cultural and ethnic diversity. The free training is tailored to suit the needs of your organisation or group and will be co-facilitated with individuals from Black and Minority Ethnic groups.

We offer general diversity training for staff teams/groups or it can specifically apply to managing diversity in the workplace.
